Collection Protocol Compliance Agreement

All Collectors will be required to maintain compliance with the guidelines laid out below. This is a **ZERO TOLERANCE POLICY** that will result in immediate termination for any Collector found using any of the prohibited conduct listed below.

Prohibited conduct

- **Hours for phone contact:** contacting customers by telephone outside of the hours of 8:00 a.m. to 9:00 p.m. local time of the customer.
- **Causing a telephone to ring or engaging any person in telephone conversation repeatedly or continuously:** with intent to annoy, abuse, or harass any person at the called number.
- **Contacting customers at their place of employment:** after being notified the customer's employer does not permit employees to receive those communications during work hours.
- **Contacting customer known to be represented by an attorney:** after having received, or can readily ascertain, contact information (name, address, phone, etc.) of attorney.
- **Misrepresentation or deceit:** misrepresenting the debt or using deception to collect the debt, including a debt collector's misrepresentation that he or she is an attorney or law enforcement officer.
- **Threatening arrest, legal action, or other consequences, including threatening to report information on a customer's credit report:** that are either not permitted or not actually contemplated.
- **Abusive or profane language:** used in the course of communication with any person related to the debt.
- **Contact with third parties:** revealing or discussing the nature of debts with third parties (*other than the customer's spouse or attorney*) without the prior consent of the customer given directly to the collector.
- **Falsifying arrangements:** setting up a payment arrangement that is not agreed to by the customer, whether by debit card, credit card, bank account or through promise-to-pay arrangement, in an attempt to lock the account. This includes, but is not limited to, setting up a payment arrangement without the customer's express agreement to the amounts, dates and method of payment; and setting up a payment arrangement on a debit card, credit card or bank account that the collector knows to be invalid. If the customer cannot agree to specific amounts, dates and method of payment, the collector must advise the customer to call back with the credit card information or the collector must set up a follow-up call with the customer.
- **Disconnecting the call:** hanging up on the customer because you are angry or because the customer is angry or rude. Even if a customer is abusive and/or profane, the collector **must not** hang up on the customer and **must** transfer the call to a manager.

Subject: Letter of Termination – Performance/Conduct

This letter is to advise you of your termination from AMG Services, Inc. effective Friday, March 6, 2009. The reason(s) for termination is as follows:

On 03/06/2009 the 500FC Customer Service Supervisor had to jump in to live monitor a call with Lakinda as she was being short and somewhat rude with the customer. While listening in on the call the supervisor heard Lakinda tell the customer that she would disconnect the call. The supervisor made it clear to Lakinda that was not an option but she still abandoned the call, which is a violation of the Customer Service Protocol Compliance Agreement.

The Agreement states "*Calls can only be disconnected after the appropriate valediction. CSR may never disconnect (hang up) on a customer out of anger.*" In the supervisor's observation the customer was not being difficult, rude or using profanity toward the rep and did not feel it was warranted for the call to be disconnected. After the call was ended, the supervisor asked Lakinda for confirmation that she ended the call and her response was "Yep, sure did".

Lakinda has read and signed The Customer Service Protocol Compliance Agreement on February 2, 2009. In the Agreement it clearly states that this is a zero tolerance policy that will result in termination if violated.

In accordance with Employee Handbook, Part 701, "The following is an example of infractions of rules of conduct that may result in disciplinary action, up to and including termination from employment:

- Unsatisfactory performance or conduct"

Teleloan – Customer Service Representative

Subject: Letter of Termination – Performance/Conduct

This letter is to advise you of your termination from AMG Services, Inc. effective Tuesday, September 20, 2011. The reason(s) for termination is as follows:

Quality Assurance forwarded a recorded call to management that revealed Nicole being unprofessional with a customer where she disconnected the call out of anger. During the conversation Nicole's tone was short and condescending. Nicole interrupted and talked over the customer before abruptly ending the conversation with "Have a good day" and then disconnected the call.

On May 20, 2010, Nicole read and signed the Customer Service Protocol Compliance Agreement that states under the Prohibited conduct: *"Disconnecting a call with a customer without warrant: calls can only be disconnected after the appropriate valediction. CSR may never disconnect (hang up) on a customer out of anger. Calls must be escalated to a manager before the call is disconnected."* This is a zero tolerance policy that results in termination if violated.

On June 29, 2011, was issued a two-day suspension due to the continue struggles with the core duties in the supervisor position.

On May 17, 2011, was issued a Letter of Warning for performance when allowed an employee to work .75 hours of unauthorized overtime.

On April 15, 2011, was issued an Official discussion due to complaints received regarding the lack of professionalism and/or tack displayed when dealing with the employees.

In accordance with Employee Handbook, Part 701, "The following is an example of infractions of rules of conduct that may result in disciplinary action, up to and including termination from employment:

- Unsatisfactory performance or conduct"
